What you are saying now is that you can use any money in any amount at any time to finish your rail project. This is unconscionable. From the very beginning it was promised that ONLY the GET surcharge would be used for the rail. The people are getting weary of being lied to. If the council had even a shred of integrity left anyone that votes for this would resign in shame. Oh, yeah, if you were capable of being shamed you would have never proposed this bill.
